

## THE IRON HALL.

A Fruitless Session at Indianapolis of the Reorganizers.

Frank Towns, of Philadelphia, Nominated to Succeed Somerby.

It is Said That Judge Taylor Looks With Favor Upon the Scheme of Reorganization Provided That Honest and Efficient Managers are Selected.

INDIANAPOLIS, Sept. 14.—The delegates trying to reorganize the Iron Hall were in session all day and until late Tuesday night. There was interminable discussion, and little was accomplished beyond nominating Frank Towns, of Philadelphia, for supreme justice, owing to the failure of the committees on reorganization and on resolutions to report. It is known that Judge Taylor looks with favor upon the scheme of reorganization, provided honest and efficient managers are selected, but the case has gone out of his hands so far as his ability to control the assets is concerned.

After Receiver Bailey took possession and the defendants' attorneys appealed, this relieved Taylor of jurisdiction. If the supreme court, where the case will eventually go, holds there was not sufficient grounds for a receiver, then the funds will revert to the Somerby crowd. It is doubtful if the supreme court makes a ruling in twelve months, during which time things must remain as they are.

This opinion will be given to the committee representing the re-organized body when it seeks a conference with Judge Taylor, and it is believed that when the situation is fully understood it will knock the life out of the proposed re-organization. The best lawyers look upon the present convention as a useless waste of time and talent.

Throw the Gavel at Him.

ARCHBISHOP, Kan., Sept. 14.—During the progress of the democratic county convention the chairman lost his temper because an unruly delegate, who had been ruled out of order several times, refused to take his seat. The chairman finally threw a small gavel at him. A roar of laughter resulted, and some one handed the chairman a revolver. With the butt end he rapped the convention to order and handed back the weapon. The delegate afterward went forward, and, returning the gavel, shook hands with the chairman, and the convention ended peacefully.

Money Put to Good Use.

NEW YORK, Sept. 14.—The committee of one hundred in charge of the notification ceremonies of Cleveland and Stevenson, in Madison Square garden, on July 30, last, met Tuesday to decide what should be done with balance of \$1,311.04 left over after the payment of all expenses. By unanimous vote it was decided to turn the money over to be used in the payment of expenses incurred in warding off the cholera or in caring for immigrants or cabin passengers detained as suspects on incoming vessels.

Laborers Strike for Shorter Time.

WHEELING, W. Va., Sept. 14.—Several hundred men employed by Jolly Bros., in laying the entire street railway system of Wheeling, struck Tuesday. They were employed last week at \$1.50 for ten hours, day work, and they want a nine-hour day at \$1.40, which the contractors say would prevent their finishing the big contract in the limit prescribed. They say they will bring outsiders here at \$1.25 unless the men yield.

Famine Threatened in Ireland.

LONDON, Sept. 14.—The harvest in the west of Ireland, which recently promised to be abundant, has been completely spoiled by incessant rains. The Shannon and its tributaries have overflowed their banks. Potatoes are blighted, and the crops are rotting in the fields. Great distress is inevitable.

On to Washington.

CHICAGO, Sept. 14.—The movement of Grand Army veterans toward Washington has set in. Several car loads of the advance guards from Iowa and other western states passed through the city Tuesday, going east. There will be a heavy increase in the movement Wednesday and Thursday.

Connecticut's Democratic Ticket.

HARTFORD, Ct., Sept. 14.—The democratic state convention was held here Tuesday. Congressman R. J. Vance presiding over the permanent organization. L. B. Morris, of New Haven, was nominated for governor; Ernest Cady, for lieutenant governor; John J. Phelan, for secretary of state.

Deputy Marshals Killed by Robbers.

FRESNO, Cal., Sept. 14.—A battle took place between train robbers Evans and Sontag and deputy marshals at Samson Flat, Tuesday morning. Four marshals fell under the deadly fire of the robbers. Three were mortally wounded.

Mother and Child Burned.

STOCKTON, Cal., Sept. 14.—Mrs. Margaret Sheehan and her seven-year-old daughter were burned to death just before midnight. It is supposed the woman dropped a lighted kerosene lamp, setting the house on fire. The bodies were found in bed.

Lost in the Storm.

ST. JOHN, N. F., Sept. 14.—Much property on the west coast has been destroyed in a violent gale. Four men were drowned at the Trepassy while trying to save their catch of fish. The schooner Jennie Foot was lost and entire crew drowned.

Arrival of Steamers.

NEW YORK, Sept. 14.—Arrived Tuesday, steamers Diamant, Amsterdam, Brooklyn City, Bristol and Swansea, Plata, Mediterranean ports; Bernicia, Rotterdam; Maasdam, Rotterdam; Vigilantia, Brazilian ports.

Mountain State Ticket.

GREAT FALLS, Mont., Sept. 14.—The democratic state ticket nominated here Tuesday is as follows: For governor, T. E. Collins; for lieutenant governor, Henry M. Melton; for chief justice, W. Y. Pemberton.

## WARLIKE.

Gov. Flower Calls Out the Marines and Militia.

The Daymen Are, However, Reported to Have Weakened.

And the Cepheus Will Now Land Her Sick and Starving Passengers—Except for Individual Suffering the Outlook is Now More Encouraging.

NEW YORK, Sept. 14.—At half past nine o'clock Tuesday morning the situation of affairs at Fire Island and in this city was grave, but tending only in one direction. A crisis has arisen and will be met by the state authorities if necessary.

The Cepheus with her cargo of helpless women and delicate children was still anchored in the channel off Fire Island and their sufferings during the night are described as having been most intense. Men paced the deck all night or reclined upon the bare decks while snatching a few hours of restless sleep. The women and children huddled together, crying and praying in the warmest corners to be found or sleeping the sleep of exhaustion upon the seats of the excursion boat if lucky enough to secure such points of vantage. Delicate ladies tried to rest upon camp stools or even upon the floor and one and all bitterly bewailed their harsh fate and the devilish heartedness of the bay men of Long Island. It was only after the most earnest prayers that the latter allowed some food to be sent to the half famished passengers whom they had condemned to either starve or go back to New York. Cold, hunger and exposure would certainly, it would seem, have developed any cholera germs which might have strayed among the unhappy saloon passengers of the Normannia; but as yet no case of that disease has been reported among them or among the second cabin passengers who are sharing their fate. But many of them will suffer for months, aye, and for years, as a result of their cruel experiences off Fire Island.

It is reported that the naval reserve is assembling at Pier 36, North river, and the old "Fighting Sixty-ninth regiment" is announced to be assembling at its armory. It will be seen that law and order will soon be restored at Fire Island and the long suffering passengers of the Normannia will be placed in safety either at Fire Island or on board the steamship Wieland of the Hamburg-American line, which has been secured for their accommodation by Seth Low, president of the Columbia college, and also the member of the chamber of commerce, after whom Camp Low at Sandy Hook has been named, out of appreciation of his efforts in behalf of the quarantined people.

There were no new cases of cholera Monday at quarantine, and it is already hoped that the imported plague has been stamped out here. A few more cases may occur, and a few more pest ships may arrive, but the authorities confidently hope that we have passed through the worst of our cholera experience, and that we are now witnessing the dawn of a healthier period at quarantine.

It was said at the Surf hotel early Tuesday morning that a large body of policemen were on their way from New York to the beach. The bay men seemed to have given up all idea of resistance about midnight, and returned in an orderly manner. Some of them sailed away on their catboats and yachts to their homes in Bay Shore, Sayville and Islip, but quite a large body of men were left behind to await developments. They were stationed west of the hotel, but within hailing distance from it, and kept a patrol on duty all night.

NEW YORK, Sept. 13.—The Sixty-ninth regiment and the Naval reserve battalion embarked at 11 a. m. Tuesday on board the steamboat Pegasus for Fire Island. It is announced that the Fourteenth and the Forty-seventh regiments left for Fire Island by the Long Island railroad at 8 o'clock Tuesday morning.

Insane Grandmother's Deed.

ATLANTA, Ga., Sept. 14.—Monday evening a house on the place of Judge Seaf, near Camilla, Ga., was destroyed by fire. Two small children and their insane grandmother were in the yard at the time of the fire. The old woman carried the children into the midst of the flames and left them there. Their charred bodies were found after the fire.

Verdict in Young Broderick's Case.

BUFFALO, N. Y., Sept. 14.—The coroner's jury in the case of Michael Broderick, the boy shot by soldiers of the Twenty-second regiment on August 23, during the railroad strike, has brought in a verdict declaring the shooting unjustifiable, and recommending that all honorable means be taken to bring the guilty party or parties to justice.

A Banana Peel Murder.

UNIONTOWN, Pa., Sept. 14.—Charles Gardner, a B. & O. freight brakeman, slipped on a banana peel and accused Robert Williams, a coke-worker, of throwing it with the intention of injuring him. Thereupon Williams drew a revolver and shot Gardner, killing him almost instantly. Williams is in jail.

A Bank's Second Trial.

ST. PAUL, Minn., Sept. 14.—The Commercial bank, which assigned nearly five months ago, with liabilities in the hundred thousands, has reopened for business under the same management, it being shown to the entire satisfaction of the court that the bank was in good shape to carry on business.

Together in Death.

CHATTANOOGA, Tenn., Sept. 14.—The bodies of Frank and Ralph Curtis, sons of one of Chattanooga's most prominent physicians, were found floating eight miles from the scene of the drowning Tuesday morning. The finders earned the \$300 reward.

## MRS. HARRISON.

No Encouraging Improvement in Her Condition—She Will Winter in the South.

WASHINGTON, Sept. 14.—Much solidarity is felt, not only in Washington, but all over the country, at the somewhat alarming condition of Mrs. Harrison, and the president has the sympathy of the whole people, whose anxiety is scarcely less than his own. The latest reports from Loon lake tend to confirm the statement that Mrs. Harrison is not likely to be again restored to her usual vigorous health. The disease from which she is suffering is one of the stomach. It can no longer be doubted that she has cancer of the stomach, the first evidences of which manifested themselves at least six weeks ago. It is possible that the president will return to Washington on Friday, accompanied by Mrs. Harrison, if she is able to travel. She will not remain in Washington, but will go south for the winter.

## INSPECTION OF EMIGRANTS.

United States Marine Service to Take Charge of Ohio Quarantine Stations.

COLUMBUS, O., Sept. 14.—With the understanding that the United States marine service would take charge of the quarantine at Toledo and Sandusky, the state health authorities discontinued their inspection of emigrants arriving from Canada at those ports. Tuesday morning Secretary Probst of the state board of health, received a message from Health Officer Fisher, of Toledo, stating that the marine corps declined to employ men or tug service in the inspection. The same message also stated that a batch of immigrants from New York ports were expected in Toledo Tuesday night. They were to be inspected, isolated, and, if necessary, disinfected, by the state authorities. Unless the work is done thoroughly under the marine service, the state inspection will be re-established.

Quarantine Methods Denounced.

LONDON, Sept. 14.—The Chronicle Tuesday morning, speaking of New York's quarantine methods, says: "The present system is an outrage on humanity and a disgrace to the name of civilization, from whatever point of view it is regarded. We are accustomed to excuse lawlessness in Texas and Idaho, but it is evident that there is no more certainty of public wisdom and private decency in New York itself than in the furthest frontier town. For official incompetency and private anarchy we venture to say that no country could furnish a parallel to it."

The Balcony Fell.

GUTHRIE, Ok. T., Sept. 14.—The republican convention of Logan county had just been called to order in the McKinnon opera house Tuesday afternoon when the balcony gave way. One end of the structure fell, and making an inclined plane, allowed the spectators to slide off to the floor below. One person was fatally injured, W. T. Ray, of Orlando, who survived only a short time. Among others who are badly hurt are Judge Madary, H. C. Murray and Judge Markland.

A Balloon Causes a Panic.

BERLIN, Sept. 14.—A balloon passing over Passenheim Tuesday terrified the peasants who believed that it was the embodiment of the plague. The people in the fields fell on their knees, groaning: "The cholera is coming." When the aeronauts landed near the village, the people fled to their houses crossing themselves and shouting that they had seen Death with his scythe in his car.

Somerby Sells His House.

PHILADELPHIA, Sept. 14.—The evolution of local Iron Hall affairs received a new and enigmatical impulse Tuesday in a real estate transfer, which may mean much or little. The supreme chief justice of Iron Hall, F. D. Somerby, sold to N. B. Herbert for \$7,500 the dwelling house on a lot 25 by 100 feet, on the northwest corner of Thirty-second and Spring Garden streets.

A Cowardly Shooting.

MEMPHIS, Tenn., Sept. 14.—George Forrest, a nephew of the late Gen. Bedford Forrest, entered the store of Root, Taylor & Co., commission merchants, Tuesday, and deliberately shot Shipping Clerk Raliffe Duke three times. Duke will probably die. Forrest had had a quarrel with the firm over the freightage of some mules.

Cholera in South Holland.

THE HAGUE, Sept. 14.—Two cases of cholera and one death from the disease have been reported at Sew-yndericht, in South Holland, ten miles southeast of Rotterdam. The village is situated on the river Meuse, and a large part of the trade consists in supplying vegetables to passing vessels.

Fatally Hurt by a Falling Bridge.

ST. PAUL, Minn., Sept. 14.—Foreman Hudson, of the King Bridge Co., Cincinnati, was fatally injured internally by the falling of a portion of the belt line bridge at West Superior, Wis., Tuesday afternoon. Four other men were seriously injured. The damage to the bridge is \$10,000.

German Princess.

BERLIN, Sept. 14.—A birth of a princess to the emperor and empress before dawn Tuesday morning, has somewhat diverted public attention from the cholera and other matters of grave interest. The emperor has not yet decided to permit the introduction of the projected army bill.

Too Wet for the State Fair.

COLUMBUS, O., Sept. 14.—The state fair opened here Tuesday, under dampening circumstances, for it rained hard all day, keeping the crowds from the grounds. The entries are full and a fine exhibit has been prepared. The race track was heavy and speeding was postponed.

The Plague in Paris.

PARIS, Sept. 14.—There were reported in this city Tuesday forty-five new cases of cholera and twenty-six deaths. In St. Ouen nine new cases and five deaths were reported.

Col. Willis Blanche Dead.

KOKOMO, Ind., Sept. 14.—Col. Willis Blanche, the most prominent citizen of this county, died at 5 o'clock Tuesday morning, aged sixty-seven years.

## SPED TO DEATH.

In a Trailer Car in St. Louis Streets—Frightful Accident On An Electric Rail.

ST. LOUIS, Sept. 14.—Tuesday morning an electric motor with trailer attached was descending the steep incline on Russell avenue, near Ninth street, when the brakes on the motor failed to work on account of the wet and slippery rails, and the car descended the grade at a terrific rate of speed. The motor rounded the curve at Russell avenue and Ninth street without accident, but the trailer jumped the rails and overturned in the gutter. The cars were filled with passengers, and the scene was wildly exciting. Beneath the overturned trailer was a crushed and bleeding mass of humanity, while on each side of the car were lying persons who had either jumped or been thrown from the car as it tipped over. Dozens of persons rushed to the rescue of the passengers, lifting the wreck of the car from the mass of humanity. Two persons were killed and a dozen badly wounded.

## MURDER SUSPECTED.

An Anonymous Letter Throwing Some Light on the Louisville Double Tragedy.

LOUISVILLE, Sept. 14.—There is now little doubt that Mrs. Austin and Mrs. Sherrill were murdered. The police expect to make an arrest any hour. An anonymous letter was received by Coroner Berry, Monday, which throws much light on the mystery. It states that Mrs. Josephine Cole, Mrs. Austin, Mrs. Koch, and the daughter of Mrs. Austin were all jealous of each other on account of Newton Spangnier, a produce dealer. The letter states that jealousy was the motive for the murder, and that a little investigation will discover the guilty party. Spangnier, who has a wife and two children, seems to have been leading a quadruple life. He rented Mrs. Austin the rooms which she used, and was one of the guests the night before the killing. Mrs. Spangnier has been receiving anonymous letters for over ten years, and it is believed that the writer of them indicted the one Dr. Berry received. The Austin inquest was postponed Monday until Friday.

## THE STARS AND STRIPES.

Planted at Two Points Nearest the North Pole by Lieut. Peary's Party.

WASHINGTON, Sept. 14.—The stars and stripes have been planted at two points nearest the north pole yet reached by civilized man. The navy department has received the following telegram from Lieut. Peary at St. Johns, N. F.: "U. S. navy claims highest discoveries on Greenland east coast; Independence bay 82 degrees north latitude; 34 degrees west longitude; discovered July 4, 1893; Greenland ice cape ends south of Victoria inlet." The highest point heretofore attained on east coast is about 75 or 77 degrees and was made by Holdenby, a German. The highest point on the west coast was 83 degrees, made by Lockwood and Brainard, of the Greeley expedition. Naval officers are delighted at the success of Lieut. Peary, and his telegram was received with much pleasure.

## A DEMON SON.

Attacks His Mother and Disembowels His Father.

AUSTIN, Tex., Sept. 14.—T. J. Willingham, Jr., of Brenham, an adjoining town, went home drunk and began to curse his sister. His parents demanded that he quit abusing the girl. This infuriated him and he pulled a picket off a fence and struck his mother over the head with it. The old lady received a bad cut from the nail at the end of the picket. His father attempted to interfere, when young Willingham drew a knife and stabbed his father, first in the shoulder, making a wound several inches deep, and then slashed him across the abdomen, penetrating the stomach and almost disemboweling him. His injuries are fatal. The old gentleman, Alfred Willingham, is an old settler in Texas and a Mexican war veteran.

## FRANK TURNER.

A Kentucky Fugitive From Justice, Defies Arrest in the Dix River Cliffs.

DANVILLE, Ky., Sept. 14.—Sheriff Robinson and one of his deputies, of Garrard county, arrived in Danville Tuesday morning armed with Winchester, and after being joined by Sheriff Bailey and Jailer Shumate, went in search of Frank Turner, the fugitive from justice, who has been the cause of much trouble in Garrard county. Turner was captured Monday by Sheriff Robinson, but escaped before he could be taken to jail, and is now supposed to be in hiding in the Dix river cliffs in this county. He is said to be a desperate man, and will resist arrest as long as he is alive.

Inoculated With Anti-Cholera Virus.

NEW YORK, Sept. 14.—The Herald's Paris cable Tuesday morning contained an interesting account of the experience of its correspondent in that city, who has permitted himself to be inoculated with the new anti-cholera virus which M. Pasteur considers as great a discovery as that which has made his name world-wide famous in connection with rabies. The correspondent says: "As I write, a portion of my body is alive with hundreds, aye thousands, of cholera microbes which have been taken from the dead bodies of cholera victims in Saigon, Asia, where the pest is ever present in its most virulent form." He will subject himself to still further inoculation.

## The Homestead Trials.

PITTSBURGH, Pa., Sept. 14.—The trials of the Homestead workmen, who have been held to the grand jury on varying charges of murder, aggravated riot and conspiracy, will not begin in the criminal court until the first week in October. Fifty-five men have been held, and against some of them are four or five charges. A large number of arrests are still to be made including many women. The charges against the women will be disorderly conduct and inciting riot.

## Jupiter's Fifth Satellite.

LICK OBSERVATORY, Cal., Sept. 14.—Prof. Barnard has added a fifth satellite to the four satellites of Jupiter, discovered by Galileo in 1610.

NOTICE!

Had Williams is no longer in my employ. Persons having business with me will please call at my office, No. 9 East Third street. R. H. NEWELL.

## NOTICE IS HEREBY GIVEN

First—That Allen Grover, Calvert C. Arthur, Edward F. Herndon, Henry A. Rees, H. W. Rees and William Manley have become incorporated by virtue of the provisions of the General Statutes of Kentucky under the name of Shannon and Forman Chapel Turnpike Company, and the principal place of transacting business is at the residence of John B. Herndon, Esq., Mason county, Ky.

Second—The nature of the business proposed to be transacted is the construction, maintenance and operation of a turnpike road from the Forks Turnpike near the forks of Shannon creek to Fleming county line near Forman's Chapel, a distance of about two and a half miles.

Third—The capital stock of said corporation is six thousand dollars, in shares of twenty-five dollars each, the private stock to be paid in upon call of the Directors, and the stock of Mason county in accordance with requirements of the order of the Court of Claims of Mason county.

Fourth—Said corporation shall commence business as soon as two thousand dollars is subscribed to the capital stock and shall continue in existence fifty years.

Fifth—The affairs of the corporation are to be conducted by a President and a Board of Directors, five in number, a Secretary and Treasurer, all of whom are to be stockholders in said corporation. The first set of officers shall be Allen Grover, President; H. W. Rees, Calvert C. Arthur, Edward F. Herndon, William Manley and Henry A. Rees, Directors; Edward F. Herndon, Secretary; H. W. Rees, Treasurer, and they shall hold their offices until the first Monday in April, 1893, and until their successors are chosen and qualified; and every first Monday in April thereafter a President and Board of Directors shall be chosen by the stockholders, and a Secretary and Treasurer by the President and Board of Directors to hold for the ensuing year and until their successors are chosen and qualified.

Sixth—The indebtedness of said corporation shall at no time exceed the sum of five thousand dollars.

Seventh—The private property of the stockholders is to be exempt from the corporate debts of said corporation.

April 13th, 1892.
